Application for a Nursery place

All children are entitled to 15 hours FEE (funded early education) from the term following their 3rd birthday. Some children may also qualify for 30 hours FEE depending on family circumstances. Please visit the government website for more information around eligibility www.gov.uk/apply-free-childcare-if-youre-working. Your child may start in our nursery immediately after their third birthday, however, please note that there will be a charge for these sessions until the FEE is issued.

If you would like your child to stay for the full length of the school day (until 3:30pm), this can be arranged, though an additional charge will be made for this time.

Children are able to begin on a date which is mutually convenient. Please indicate the month and year that you wish your child to start in our nursery.

Next Steps

We will endeavour to confirm your child's place within the next two weeks. Following this, we will contact you again one term before your child is due to start in our nursery to gather further information and plan your child's transition. Further information about this can be found in our admissions policy or on the school website.

Which school will your child attend full-time at the age of 5?
